Introduction

The Atlona 11 Input Scaler and Switcher w/Dual Mirrored HDMI Outputs allows 4 x HDMI or DVI (with use of HDMI to DVI adapter i.e AT14048), 1 x DVI, 3 x VGA, 2 x Component, 2 x Composite video inputs to be scaled to a dual HDMI outputs. With an on-screen display get the ability to change video, scaling, and output resolutions options. With additional functions such as RS-232 and IR control the AT-LINE-PRO5 is easier than ever to control or integrate with a preexisting system.

Package Contents

- AT-LINE-PRO5
- 5V/3A DC power supply (110/240V)
- IR Remote Control
- Rack Ears
- User manual

Features

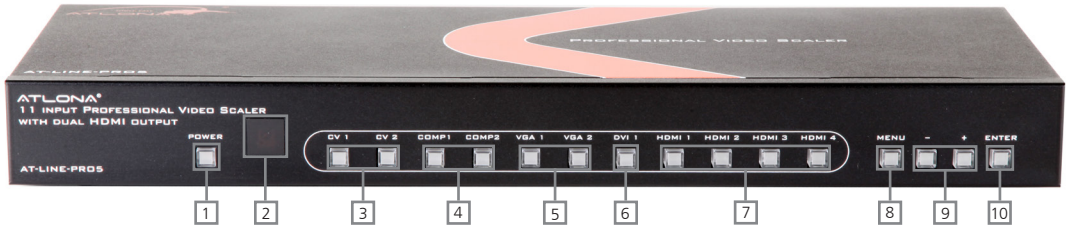
- Scaling any incoming Signal whether HDMI, DVI, VGA, Component or Composite to the native resolution of the display: VGA~WUXGA or 480p~1080p
- Audio embedding from any 3.5mm stereo audio input to HDMI outputs
- De-embedding audio from HDMI outputs to 3.5mm stereo audio output to allow video be routed to a projector and audio to an amplifier (i.e. AT-PA100).
- PAL to NTSC and NTSC to PAL conversion 50/60Hz
- Supports RS-232 control
- IR Commands are available for using a universal remote or an IR control system
- Standard 1U size for easy rack mounting
- Each input is accompanied with a 3.5mm stereo audio input, including HDMI so that it could be used with DVI sources (use a DVI to HDMI adapter such as AT14048)
- Full 3D support on HDMI pass through
- Horizontal and vertical shift, color, tint, brightness, contrast, detail, sizing, and top and bottom vertical blanking adjustments
- Supports input PC timing: VGA ~WUXGA (Reduced Blanking Rate), 480p~1080p
- Support input HDMI timing: 480i~1080p60 and VGA~WUXGA (Reduced Blanking Rate)
- 1080p@60Hz color video up to 12 bits
- Supports audio PCM 2CH
- Supports deep color of 8 / 10 / 12 bits
- 3-D motion adaptive & 3-D video noise reduction
- Video-over-graphic overlay
- ADC for both video and audio
- HDCP compliant

Specifications

TMDS Clock Frequency	225Mbps
Input Ports	4 x HDMI 7 x 3.5mm stereo audio 2 x VGA 2 x Component Video 2 x Composite Video 1 x DVI
Output Ports	2 x HDMI 2 x 3.5mm stereo audio
Resolution outputs	Video: up to 1080p @ 60Hz Vesa: up to 1920x1200
Dimensions (WxDxH)	17.16x6.57x1.92 (inch) or 436x67x49 (mm)
Weight	4.6lbs or 2.1kg
Temperature	Operating: 32°F to 104°F or 0°C to 40°C Storage: -4°F to 140°F or -20°C to 60°C
Power consumption	8.5W

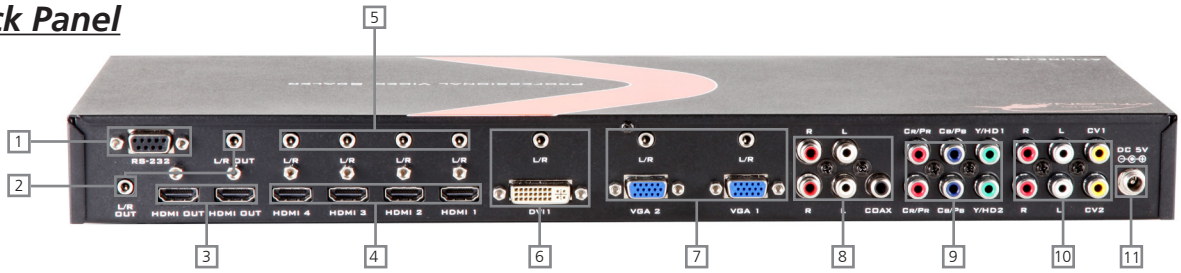
Panel Description

Front Panel



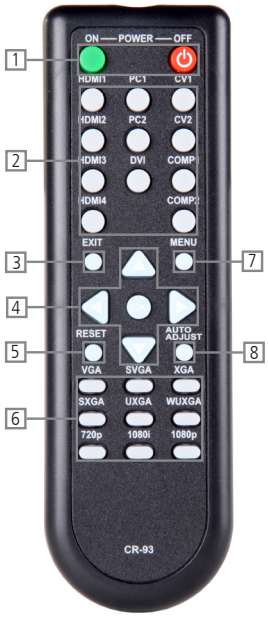
1. Power button: Press to Turn ON or set the device to standby mode. The LED will illuminate red when the power is ON.
2. IR Receiver: This IR window receives IR signal from the supplied IR remote control.
3. CV 1 & 2: Press CV1 or CV2 to select composite video inputs 1 or 2, the LED will illuminate red.
4. COMP 1 & 2: Press COMP1 or COMP2 to select component inputs 1 or 2, the LED will illuminate red.
5. VGA 1 & 2: Press VGA1 or VGA2 to select input 1 or 2, the LED will illuminate red.
6. DVI 1: Press this button to select DVI input, the LED will illuminate red.
7. HDMI 1 through 4: Press the HDMI number to choose input 1, 2, 3 or 4, the LED will illuminate red
8. MENU: Press this button to bring up the On Screen Display.
9. -/+: Press -/+ buttons to make a selection.
10. ENTER: Press this button to confirm the selection.

Back Panel



1. RS-232: Connect to a 3rd party control system or a computer with this port.
2. 3.5mm Stereo audio out - send stereo audio through to an amp (i.e. AT-PA100)
3. HDMI Out - Mirrored outputs, connect to a display with HDMI or an HDMI to DVI connector (such as AT14048 which has a compatible locking connector to secure the connection).
4. HDMI In - Connect the HDMI sources here or DVI sources with an HDMI to DVI adapter (i.e. AT-14048)
5. 3.5mm Stereo In - Audio in port used for audio when using an HDMI to DVI adapted source.
6. DVI In & Stereo In: Connect to computer video sources. Use the 3.5mm stereo audio input to transfer audio through as well.
7. VGA In & Stereo In: These slots are for input sources such as Laptops, Desktop Computers, Document Cameras or any other VGA source. Each VGA input is accompanied with a 3.5mm stereo audio input.
8. COAX and RCA R/L ports: These ports are to embed analog (RCA R/L) and digital (coaxil) audio signals from any source.
9. Y/PB/PR : These ports are to connect input sources such as DVD players, Cables Boxes or HD Cameras.
10. CV & Stereo In: These ports are to connect to input sources such as VCRs or Security Cameras.
11. DC 5V: This port is to connect to the supplied power supply.

Remote Control



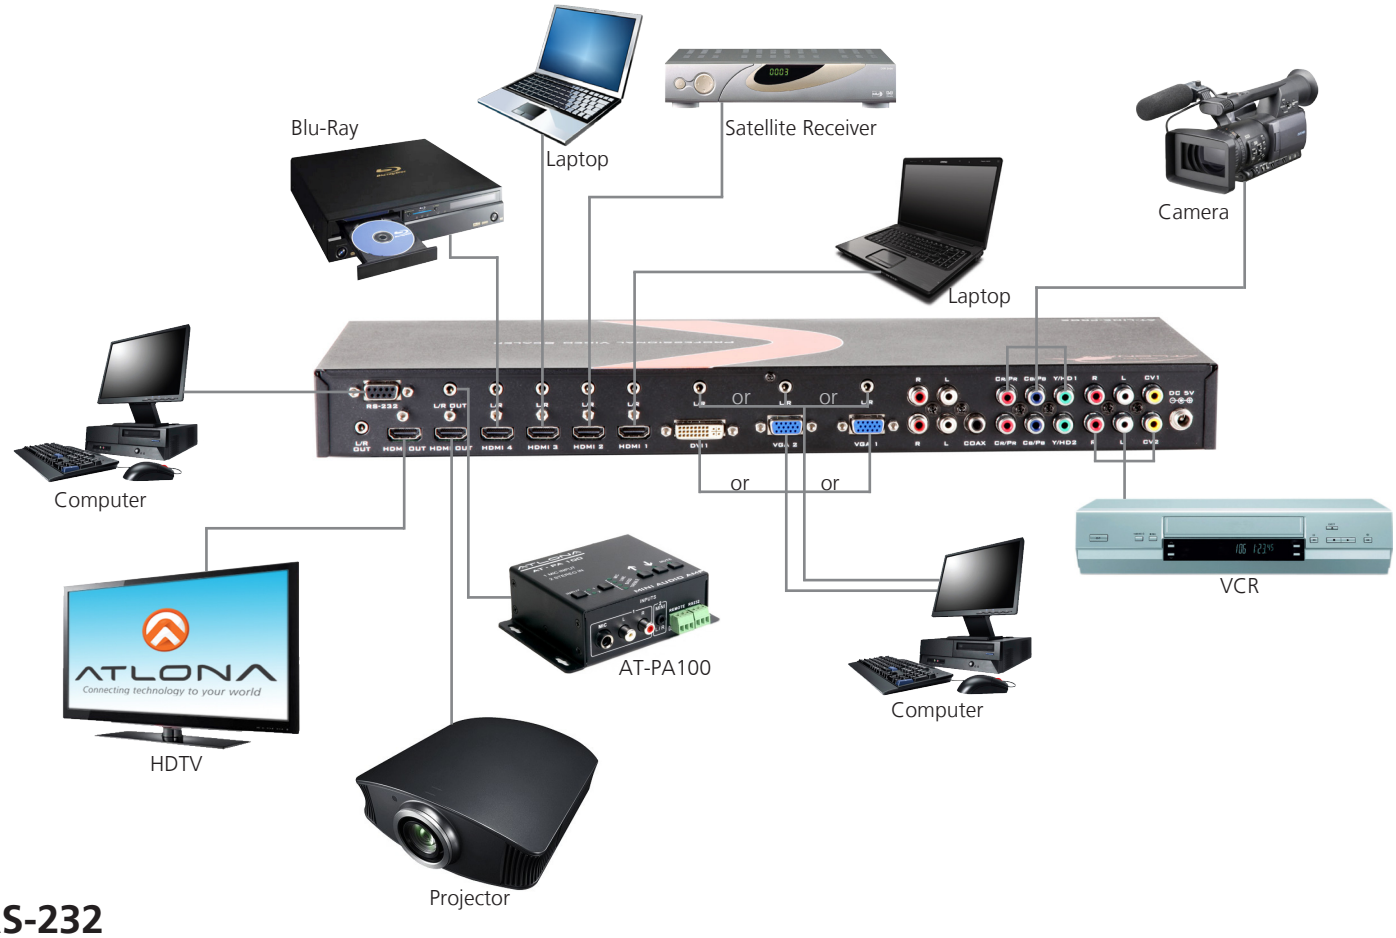
1. POWER ON/OFF: Press these buttons to power on the device or to set it to standby mode.
2. Input Selection: Press to switch between sources.
3. Exit: Press to exit from a sub menu or main menu.
4. On Screen Display operation. Press / to increase/ decrease the setting value of a selected parameter. OK (Enter): Press to confirm your selection.
5. Reset: Press the button to reset the unit's firmware setting to the factory default.
6. Output Resolution: Press to directly select output resolution. For other out put resolutions that are not available on the remote please enter On Screen Display Menu to select them.
7. MENU: Press to bring up On Screen Display.
8. Auto Adjust: Press to optimize the position of the picture (picture centering) on the screen.

On Screen Display Menu

1st Tier Option	2nd Tier Option		Adjustment	
Video	PICTURE MODE		USER / STANDARD / VIVID / MOVIE	
	CONTRAST		0 ~ 100 of Contrast Level	
	BRIGHTNESS		0 ~ 100 of Brightness Level	
	HUE		0 ~ 100 of Hue Level	
	SATURATION		0 ~ 100 of Saturation Level	
	SHARPNESS		0 ~ 100 of Sharpness Level	
	SCALE		OVERSCAN / UNDERSCAN / LETTERBOX/ PANSCAN / FULL	
	NR		LOW / MIDDLE / HIGH / OFF	
	EXIT		Back to the 1st Tier	
COLOR	COLOR TONE		USER / NORMAL / WARM / COOL	
	RED		0 ~ 100 of Red Color Level	
	GREEN		0 ~ 100 of Green Color Level	
	BLUE		0 ~ 100 of Blue Color Level	
	EXIT		Back to the 1st Tier	
OUTPUT	VGA (640x480)	480i	576i	WXGA (1280x800)
	SVGA (800x600)	480p	576p	WSXGA (1680x1050
	XGA (1024x768)	720p@60Hz	720p@50Hz	WUXGA (1920x1200)
	UXGA (1600x1200)	1080i@60Hz	1080i@50Hz	WUXGA+ (1440x900)
	SXGA+ (1400x1050)	1080p@60Hz	1080p@50Hz	1080p@30Hz
OSD	HPOSITION		0 ~ 100 of OSD Horizontal Position	
	VPOSITION		0 ~ 100 of OSD Vertical Position	
	TIMER		0 ~ 100 of OSD Show Time (sec.)	
	BACKGROUND (transparency)		0 ~ 100 of OSD Transparency Level	
	COLOR BAR		Display COLOR BAR or BLACK SCREEN when source is not transmitting signal	
	EXIT		Back to the 1st Tier	
AUDIO	SOURCE		HDMI / L/R / COAXIAL	
	DELAY		OFF / 40MS / 110MS / 150 MS	
	SOUND		ON / MUTE	
	EXIT		Back to the 1st Tier	
INFORMATION			SOURCE (Input interface)	
			INPUT (Input Resolution)	
			OUTPUT (Output Resolution)	
			VERSION (Firmware Version)	
EXIT	-		Close the OSD Menu	

Note: If there is no signal coming from the source selected then either a color bar or black screen will display. Switch between the color bar and black screen by selecting yes or no on colorbar in the OSD option of the On Screen Display Menu.

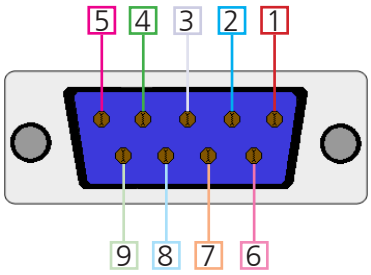
Connection and Installation



RS-232

Connection

RS-232 is connected through a 9-pin female D connector. The pins will have functions associated with them, some will be unassigned.



No.	Pin	Function
1	----	Not used
2	Tx	Transmit
3	Rx	Receive
4	----	Not used
5	Gnd	Ground
6	----	Not used
7	----	Not used
8	----	Not used
9	----	Not used

Baud Rate: 19200bps Data Bit: 8bits Parity: None Stop Bit: 1bit

Command

The command codes are very sensitive, do not change capitalization, spacing, or lettering.

Note: Each command or feedback is terminated with a carriage return.
Note: If the command fails or is incorrect the feedback should be "Command FAILED"

Set Commands

Safety Information

Safeguards

To reduce the risk of electric shock, do not expose this product to rain or moisture

Do not modify the wall plug. Doing so will void the warranty and safety features.

If the wall plug does not fit into your local power socket, hire an electrician to replace your obsolete socket.

This equipment should be installed near the socket outlet and the device should be easily accessible in the case it requires disconnection.

Precautions

FCC regulations state that any unauthorized changes or modifications to this equipment, not expressly approved by the manufacturer, could void the user's authority to operate this equipment.

Operate this product using only the included external power supply. Use of other power supplies could impair performance, damage the product, or cause fires.

In the event of an electrostatic discharge this device may automatically turn off. If this occurs, unplug the device and plug it back in.

Protect and route power cords so they will not be stepped on or pinched by anything placed on or against them. Be especially careful of plug-ins or cord exit points from this product.

Avoid excessive humidity, sudden temperature changes or temperature extremes.

Keep this product away from wet locations such as bathtubs, sinks, laundries, wet basements, fish tanks, and swimming pools.

Use only accessories recommended by Atlona to avoid fire, shock, or other hazards.

Unplug the product before cleaning. Use a damp cloth for cleaning and not cleaning fluid or aerosols. Such products could enter the unit and cause damage, fire, or electric shock. Some substances may also mar the finish of the product.

Never open, remove unit panels, or make any adjustments not described in this manual. Attempting to do so could expose you to dangerous electrical shock or other hazards. It may also cause damage to your AT-LINE-PRO5. Opening the product will void the warranty.

Do not attempt to service the unit. Disconnect the product and contact your authorized Atlona reseller or contact Atlona directly.

Warranty

Limited Warranty

Atlona Technologies warrants that (a) its products (AT-LINE-PRO5) will perform substantially in accordance with the accompanying written materials for a period of 3 years from the date of receipt and (b) that the product will be free from defects in materials and workmanship under normal use and service for a period of 3 years. In the event applicable law imposes any implied warranties, the implied warranty period is limited to 3 years from the date of receipt. Some jurisdictions do not allow such limitations on duration of an implied warranty, so the above limitation may not apply to customers that fall within those areas.

Customer Remedies

Atlona Technologies' and its suppliers' entire liability and Customer's exclusive remedy shall be, at Atlona Technologies' decision, either return of the price paid for the product, repair, or replacement of the product that does not meet this Limited Warranty and which is returned to Atlona Technologies with a copy of the Customer's receipt. This Limited Warranty is void if failure of the product has resulted from accident, abuse, misapplication, or natural occurrence. In example but not limited to: power surges (electrical storms, local power outage), dropping the product (or items on the product), contact with fluids, and physical misconduct (i.e. kicking or punching). Any replacement product will be warranted for the remainder of the original warranty period.

No other warranties

To the maximum extent permitted by applicable law, Atlona Technologies and its suppliers disclaim all other warranties, either expressed or implied, including, but not limited to, implied warranties of merchantability and fitness for a particular purpose, with regard to the product and any related written materials. This Limited Warranty gives customer specific legal rights. Customers may have other rights depending on the jurisdiction.

No liability for damages

To the maximum extent permitted by applicable law, in no event shall Atlona Technologies or its suppliers be liable for any damages arising out of the use of or inability to use this product, even if Atlona Technologies has been advised of the possibility of such damages. Such damages include but are not limited to: special, incidental, consequential, or indirect damages for personal injury, loss of business profits, business interruption, loss of business information, or any other pecuniary loss. Atlona Technologies' and its suppliers' entire liability under any provision of this agreement shall be limited to the amount actually paid by you for the product. Some Jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damage. The above limitations may not apply to you in such jurisdictional cases.

Atlona Product Registration

Thank you for purchasing this Atlona product. - We hope you enjoy it and will take an extra few moments to register your new purchase.

Registration creates an ownership record if your product is lost or stolen and helps ensure you'll receive notification of performance issues and firmware updates.

At Atlona, we respect and protect your privacy, assuring you that your registration information is completely secure. Atlona product registration is completely voluntary and failure to register will not diminish your limited warranty rights.

To register go to: http://www.atlona.com/registration
